Education

Dhirubhai Ambani University (Formerly DA-IICT) **2024 – 2028**
B.Tech in Information & Communication Technology – ***CGPA: 8.51/10*** *Gandhinagar, Gujarat*

Pioneer School of Science **2023 – 2024**
Class 12th (GHSEB) – ***Percentage: 92.92%*** *Patan, Gujarat*

Pioneer Secondary School **2021 – 2022**
Class 10th (GSEB) – ***Percentage: 94.33%*** *Patan, Gujarat*

Experience

ACM India Summer School on Competitive Programming, DAU Gandhinagar, Gujarat
Teaching Assistant *June 2026 – June 2026*

- Assisted Prof. Rachit Chhaya and **Anup Kalbalia (former CEO of CodeChef)** in **10+ sessions** and **10+ contests**.
- Mentored **50+ students** by resolving CP and coding doubts during lectures, practice sessions, and contests.

Projects

RFlow – Basic API Gateway System | *Java, Spring Boot, Docker, PostgreSQL* **[Live Demo] | [GitHub]**

- Built a basic **API Gateway** to route and manage requests between multiple backend services.
- Developed **35+ REST API endpoints** for admin management, monitoring and **authentication**, and **20+ REST API** endpoints across **3 mock services** to simulate service interactions using **Spring Boot** and **Hibernate/JPA**.
- Implemented a **multi-tenant architecture** where a **super admin** can manage **multiple organizations** and their services independently, with **tenant-wise rate limiting**, request logging, health monitoring, and traffic control policies.
- Implemented **JSESSIONID-based authentication** for super-admin access, enabling tenant, user, service and gateway config management; designed a **PostgreSQL** database with **7 tables**; used **Docker for containerized deployment**.

RepoPulse – a GitHub-like System | *Java, DBMS, PostgreSQL, JDBC* **[GitHub]**

- Built a GitHub like **Console based** system with **25+ database tables** (mostly **BCNF** normalized).
- Implemented **15+ features** including commits, branches, pull requests, issues, and file versioning using **JDBC**.
- Supported **role-based access control**, fork support, and **collaboration** features (PR reviews, comments, labels).

Technical Skills

Languages: C, C++, Java, SQL

Databases: PostgreSQL

Backend/Frameworks: Spring Boot, Hibernate/JPA, REST APIs

Developer Tools: Git, GitHub, Docker, Postman, Render, Vercel, Neon, VS Code, pgAdmin, Ubuntu, IntelliJ IDEA

Technical Electives: Data Structures and Algorithms, Object-Oriented Programming, DBMS

Areas of Interest: Competitive Programming, Backend Development, Problem Setting

Position of Responsibility

Deputy Convener (Former Batch Representative) - Programming Club, DAU **August 2025 – Present**

- **Assisting in leading the Programming Club**, organizing **Pre-Placement Tests** for **450+ students** and the club's **flagship event** with **120+ participants**. Mentoring juniors through **sessions** and **post-contest discussions**.
- Organized **10+ intra-college contests (80+ participants)**, including **problem setting, testing**, and **coordinated coding events as team lead** at i.Fest'25 and Synapse'25 (college techno-cultural festivals) with **100+ participants**.

Achievements

- Solved **3000+ coding problems** across platforms including Codeforces, LeetCode, CodeChef [Profile]
- **Codeforces: Expert (Max. 1642)** [Raj_Patel_7807]
- **CodeChef: 4-Star (Max. 1816)** [raj_patel_7807]
- **LeetCode: Knight (Max. 2059)** [Raj_Patel_7807]
- **Winner, Winter of Code 7.0** – Built the winning Education Portal (HTML, CSS, JS) under Microsoft Club, DAU.
- **Runner-up, Round Robin Relay** Contest (**2nd** among 25+ teams).
- Secured **3rd place** in Face-Off Contest among 100+ participants.
- JEE (Main) 2024: **98.77** Percentile [in **Top 1.23%** among 1.5 million students]
- All Gujarat **Rank 65** among 38K+ students (Class 12th Science Board Examination)
